

SWACHH VAYU SURVEKSHAN 2024

Swachh Vayu Sarvekshan 2024

"Swachh Vayu Survekshan" is an initiative by MoEF&CC to rank cities on the basis of implementation of activities approved under city action plan and air quality in 130 NCAP cities.

a. To create awareness among all sections of the society b. Inform citizens about the health impacts related due to exposure c. Comparing air quality conditions at different locations/cities d. To achieve the goal of NCAP "Clean air for all".

*Population 2011 census

The Ministry of Environment, Forest and Climate Change rewards the top three performing cities in each category with a cash prize, a trophy, and a certificate titled "National Clean Air City." This recognition is part of the National Mission for Clean Air and is awarded on September 7th each year, in celebration of the International Day of Clean Air for Blue Skies.

Assessment is done based on submission of self-assessment report along with supporting documents submitted by ULBs. The reports and documents are further vetted by respective Air Quality Monitoring Committee (AQMC), chaired by Principal Secretary Environment and further examined and evaluated by CPCB for ranking, on the basis of assessment framework given in MoEF&CC guideline.

Guiding Principles

All 130 cities covered under NCAP are assessed based on information submitted under ranking framework by cities/ULBs on PRANA portal (dashboard to capture progress under NCAP programme).

Methodology Adopted

Assessment is done every year and cities are ranked based on the assessment of performance for the period (financial year i.e, 1st April to 31st March) of the preceding financial year. Specific weightage has been assigned for taking control measures in 08 identified sectors shown in the Table 1 below.

Table 1-Sector wise specific weightage (shown in %)
